RTA Paratransit

RTA Paratransit is not operated by or through the Department of Senior Services, but is another transportation option for both in-town and out-of-town service for those who qualify. Paratransit service is provided to persons who, because of their disabilities, are unable to independently travel on the public transit system.

RTA Paratransit

Each day, thousands of people choose RTA as a convenient, economical way to get around Greater Cleveland. Services for riders with disabilities include:

- RTA buses with the universal “wheelchair symbol” on the front, complete with wheelchair lifts or ramps to help people board buses safely and easily.
- A bus fleet that is totally accessible.
- ADA-accessible Rapid Transit stations, to help passengers safely ride RTA trains.

If you need more assistance than the standard RTA service offers, you may be eligible for ADA certification to travel on specially equipped Paratransit vehicles.

Paratransit Certification

Are you eligible for ADA certification?

To determine if you qualify for Paratransit service, answer these questions:

- Are you unable, as a result of a physical or mental impairment, to travel on public transit without the assistance of another?
- Do you need a wheelchair lift or similar device to board the vehicle, but one is not available at the Rapid Transit station where you wish to board?
- Do you have an impairment-related condition that prevents you from traveling to or from a station or stop on the public transit system?

If you responded “yes” to any of these questions, you may be eligible for RTA’s Paratransit service, as outlined by the Americans with Disabilities Act.

Service Eligibility

As a Paratransit-certified customer, you will be provided “door-to-door” travel from your home to a destination within a five-mile radius.

Service beyond this five-mile radius may be available, if there is a standard RTA route during the desired time and date with stops within 3/4 of a mile from your places of pickup and drop-off.

Obtaining an Application

- Applications can be found online by visiting http://www.riderta.com/sites/default/files/pdf/forms/paratransit/paratransit_app_72-987.pdf
- Applications are available at the Welcome Center of the Solon Senior Center.

- Go to RTA’s Main Office, 1240 West Sixth St. in the Warehouse District. Two Downtown trolley routes provide free service to this location.

****Applications are also available in accessible formats upon request.****

RTA Paratransit

Completing the application

The Department of Senior Services can assist you through the application process. For assistance please request a social worker consultation at the Welcome Center. When applying for Paratransit service you must:

- Fill out pages 4-11 of the application completely.
- A Licensed Medical Health Professional must complete pages 14-16 or 17-18, depending on the disability.
- Mail the application to:

**RTA-ADA Eligibility
1240 West Sixth St.
Cleveland, Ohio 44113-1331**

Fill out all parts of the application. If the application is not completely filled out, it will be returned to you. After your application is received, an RTA employee may call you to clarify certain parts of your application. Your cooperation is greatly appreciated.

Functional testing

When your application is complete, an RTA employee will review it to determine the next step.

- If it is clear that you qualify for Paratransit service under ADA guidelines, an RTA employee will approve the application and notify you in writing. The letter will include instructions on how to pick up your Paratransit ID card.
- If it is **NOT** clear that you qualify for Paratransit service, an RTA employee will call you to schedule a functional test to determine your eligibility for Paratransit service.

If you need to schedule Paratransit service to reach the functional testing location, tell the RTA employee when you are called. A trained professional conducts each functional test. The test starts with a 10-15 minute interview. The entire test should be completed within an hour. The purpose of the test is to determine if you have the physical and cognitive ability to ride fixed-route RTA service.

If you miss your functional test appointment, the application process will not continue. You will have to re-apply. After the functional test is complete, the testing agency will make one of three possible recommendations to RTA.

- You qualify for the Fixed-Route Disability Fare Program.
- You qualify for Travel Training.
- You will be certified for Paratransit service.

Based on the testing agency's recommendation, RTA will make a determination. You will be notified of your ADA eligibility status within 21 working days from the date that RTA received your completed application. If RTA fails to notify you within 21 days, you will be eligible to ride Paratransit until a decision is made.

Appealing the Decision

If you disagree with RTA's decision, you have 60 days to write a letter notifying RTA that you plan to appeal.

RTA Paratransit

RTA Paratransit

RTA Paratransit Service Limits

RTA's goal is to accommodate all Paratransit riders. However, drivers are not allowed to:

- Lift you in and out of wheelchairs or scooters. You must provide your own Personal Care Attendant (PCA) or escort for assistance. A PCA can ride free. If you use a wheelchair, you must have a safe ramp or be at ground level to board RTA vehicles.
- Assist you on unsafe mobility ramps.
- Clear snow, ice or other objects from your steps, driveway or walkway.
- Lock or unlock house doors.
- Load or unload personal items.

Canceling Transportation with RTA Paratransit

If a trip is no longer needed, you can cancel your trip by:

1. As soon as you realize that a trip needs to be canceled, go on-line or call RTA at 216-356-3702.
2. Or, call Dispatch at 216-566-5244.
3. Trips may be cancelled at any time while speaking to a dispatcher, reservation operator or manager.

There are 13,000 disabled persons registered to use Paratransit service. Be considerate of your fellow Paratransit customers. Whenever possible, call to cancel 24 hours before your scheduled trip, so RTA can schedule other passengers. If a 24-hour notice is not possible, RTA requires that you give at least 60 minutes notice for cancellations.

No-show Policy

When a Paratransit customer does not show up for a scheduled trip, or cancels a trip with little advance notice, other Paratransit customers' service may be adversely affected.

Customers are expected to be ready for Paratransit trips at the beginning of a 30-minute pickup window. This is usually 10 minutes before and 20 minutes after the scheduled pickup time. Due to the uncertainty of scheduling, customers must remain available for pickup for the entire 30 minutes.

A customer who is either not available, not ready, or refuses to take a scheduled trip within the 30-minute pickup window will be considered a "No-Show" for that trip. The Paratransit vehicle is required to wait only 5 minutes for a customer when arriving within the 30-minute pickup window. It is critical for the customer to be ready for the trip when the vehicle arrives. If your Paratransit vehicle fails to arrive within the 30-minute pickup window, contact the Paratransit dispatcher and you will not be assessed a No-Show.

Late Cancellation Policy

RTA recognizes there may be occasions when a scheduled Paratransit trip needs to be canceled. However, it's important that you notify Paratransit at least 60 minutes prior to your scheduled pickup. This may allow RTA to reroute the assigned vehicle to provide service to another Paratransit customer.

If a customer fails to call at least 60 minutes before a scheduled trip, he/she will be charged with a "Late Cancellation."
