

SOLON BUSINESS SPOTLIGHT

Solon Bicycle

6291 Som Center Rd • (440) 349-5225 • solonbicycle.com

OPENED SINCE: 1987

OWNER: DAN SIRKIN
(3RD FROM THE LEFT)

When and why did you open your business in Solon?

The business was originally founded in 1987. I worked at the company for a few years in the early 1990s. I made my way through the bike industry for the next decade before coming back to buy the business in 2004. I live in Solon now, as well, and love this city!

Solon Bicycle is located at 6291 SOM Center Road and is an independent bicycle dealer, or IBD, for short. We stock a full line of new and pre-owned bikes, accessories, apparel, helmets, shoes and parts from premier brands.

What's your most popular bicycle or accessory that you sell?

The Jamis Hudson has been our most popular bike because it's fun to ride, super comfy and incredibly simple to operate! As for accessory, it's probably helmets. We sell tons of helmets!

What makes your shop unique from others like yours?

I like to think it's our "full transparency" policy. We are straight shooters here, and we feel it's always best to simply tell it like it is whether it's about a potential repair situation or selling bikes or equipment. Our goal is always to sell the items and services that are best for the customer, period.
