BRIDGETTE LEWIS (RIVERSIDE HEALTH) AND BRIAN BAILYS**

Why did you choose to locate in Solon?

It is a nice central location, and the building fit our needs. We are located at 29201 Aurora Road, #400.

What kind of services does Thrive Peer Support provide?

Thrive Peer Support promotes a sense of hope and belonging through shared experiences for anyone suffering from behavioral health challenges. Our mission is to restore hope by embracing all pathways to recovery that foster trusting relationships, community engagement and personal growth to help our peers achieve long-term recovery.

At Thrive, people with at least two years of recovery from substance use disorder or mental health diagnosis help people in early recovery in getting back to independence. Our peer support specialists can help those they serve with: appointments, assistance with paperwork, benefits acquisition, education on recovery, employment search assistance, goal-setting, housing resources, interpersonal skills development, life-skills building, outreach services, pathways to recovery, recreational activities, socialization and support groups.

What makes your business unique from others like yours?

We are focused on our mission, our team and creating innovative approaches to recovery. We are the largest provider of peer services in the state of Ohio.

What can residents do if they know someone who would benefit from a peer supporter?

Thrive Peer Support has a client and self-referral form that can be filled out directly on the website, www.thrivepeersupport.org. We accept a number of insurance providers. The website also has a list of resources and frequently asked questions that may offer you more information.
