

SOLON BUSINESS SPOTLIGHT

**YOUNG CHEFS®
ACADEMY**

of SOLON

28500 Miles Rd.
Solon, OH 44139

solonoh.youngchefsacademy.com

Why did you choose to locate in Solon?

After opening our first location in Strongsville, Ohio in October of 2019, we made it our mission to expand our passion to inspire a new generation of chefs through all of Northeast Ohio. This meant finding a location that had the backing of a city that aligned with our core values.

What's your most popular class?

Memberships for our weekly 1.5 hour culinary classes (Kindercook (4-7), Jr. Chef (7-11) & Sr. Chef (11-16)) are our most popular offerings by far. For those children who may want to get the culinary experience but may not necessarily want to attend weekly classes, we offer our Spring, Summer and Winter camps. These 3-hour sessions run 3-4 days a week during local school breaks throughout the year. We also offer one-time specialty events called workshops. These workshops are developed for those students wishing to learn about something specific, such as Macarons, Cupcakes, Cake decorating, etc.

What ages are your classes available for?

We offer a variety of classes that are suitable for all ages starting with children as young as 4 all the way through our Young Chefs at Heart (21+). Our class curriculum is structured to immerse young chefs in a world of culinary creativity and discovery. Classes can be attended individually or weekly as a Young Chefs Academy member.

What can a customer expect to learn from one of your classes?

You can expect your child to develop, build upon and sharpen their culinary skills as they progress through our structured program week by week. Planned around a unique monthly theme, each class is an entirely new experience that incorporates culinary skills that build upon each other to progress over time into more complex food

preparation and presentation.

Our weekly curriculum will immerse young chefs in a world of culinary creativity and discovery. In addition to developing cooking skills, our weekly classes incorporate elements necessary for a budding young chef, such as:

- Kitchen safety
- Etiquette and manners
- Presentation
- Proper food handling
- Cooking & baking techniques
- Food preparation
- Table setting
- And so much more!

What makes your business unique from other businesses like yours?

Young Chefs Academy is a unique and premier children's cooking school. Our mission is to teach children the joy and value of cooking and to provide an interactive learning experience that gives children the opportunity to develop a life-long love for the culinary arts. Children are encouraged to ignite their creativity and satisfy their natural curiosity in a welcoming environment and to explore and experiment with acquired culinary skills in kid-friendly kitchens.

Are you offering any specials or fun events right now?

We are now offering weekly classes, summer camps, parties, workshops, field trips, special events and more.
