

# SOLON BUSINESS SPOTLIGHT

33695 Bainbridge Rd., Ste. 100  
[solonfamilydental.com](http://solonfamilydental.com)

Owner:  
**Dr. Laura Walsh**

## ***When did you open your business in Solon?***

Solon Family Dental has been around for many years. Dr. Laura Walsh, who has been here in Solon for over 10 years, has been the practice owner since 2016. We moved to a new building in February 2021 and are so excited for you to see what we've done with the place!

## ***What do you want Solon residents to know about you?***

We treat everyone who walks through our door with compassion and support - everyone has a different clinical and personal situation. We love to hear when patients see our efforts and feel as though we've served them in the best way possible - building lasting relationships with our patients as we help in their dental care. Dr. Walsh takes extreme pride in her work and strives to find the best outcome for the patients she treats. While she recognizes she may not always have every answer to a dental problem, she does know how to find answers when needed. Our team is truly the backbone to the practice. We pride ourselves on having such wonderful employees who love what they do.

## ***What are some common procedures at Solon Family Dental?***

We are a general dental office - meaning we see everything from exams and cleanings to fillings, crowns, implant restorations, and more.

## ***Any messages for the residents of Solon?***

We want to thank our fantastic patients for their support and trust in our team. We always want each person who walks through the door to feel valued and are happy that the Solon community makes us feel the same way!
