Why did you choose to locate in Solon?

We chose Solon because it is an upscale suburb of Cleveland with a growing South Asian community.

What kind of products do you sell in your store?

We sell authentic South Asian groceries including a wide variety of spices and organic specialty food items as well as fresh Indian vegetables and sweets.

Tell us about the new restaurant that is located in the back of the store.

The kitchen is now called Desi Chowrastha and it offers very tasty Indian cuisine, from a quick meal during lunch to gourmet entrees for dinner. Chowrastha is a traditional Indian street food eatery featuring vegetarian fare, such as chaat papdi, parathas and other tasty bites.

What else would you like the residents of Solon to know about your business?
