

The Headwaters Trail Extension Project

- This proposed extension project will convert a former railroad line to approximately eight (8) miles of all-purpose, paved trail.
- The new trail connection will provide a safe and scenic route for bikers, walkers, joggers, and other forms of non-motorized, active transportation linking the existing Headwaters Trail from western Portage County to the South Chagrin Reservation, which leads to the Summit Hike and Bike, and the Towpath Trail.
- It will connect Garrettsville, Mantua, Bainbridge Township, Mantua Township, Hiram Township, Aurora, and Solon to the Cleveland Emerald Necklace and Towpath Trail.

Project Sponsors

- City of Solon
- Cleveland Metroparks
- Bainbridge Township
- City of Aurora
- Geauga Park District
- Portage Park District
