

Right of Way Policy

(Form date August 22, 2011)

POLICY FOR ANY APPLICATION TO LOCATE A PRIVATELY OWNED STRUCTURE WITHIN A CITY CONTROLLED RIGHT OF WAY

Any application to locate a privately owned structure within a City of Solon right of way shall be submitted to the Engineering Department.

The Engineering Department shall distribute the application to locate any privately owned structure within a City right of way to the Planning and Building Departments as well as to the City Safety Forces (Police Department & Fire Department) and City Law Director for review.

The Planning Department, the Building Department, and the City Safety Forces will submit any relevant comments in writing to the Engineering Department within five working days of the receipt of the plans.

The Engineering Department, with consent of the City Law Director, will submit the application to locate a privately owned structure in a City right of way, along with any written comments submitted by the aforementioned City departments, to the Safety and Public Properties Committee for review and final determination
